I ask her if she loves me,
She shakes her head, and when
I turn to leave she sweetly smiles,
And lures me back again.

"Alas! you love another!"
In angry tones I say;
She nods, but as I turn to leave
She sweetly bids me to stay.

With outstretched arms I offer
My love—by all—she ber,
And seek to clasp her, but she cries:
"Stand back! How dare you, sir?"

With sinking heart and hopeless
I turn, once more, and lo!
I hear a soft, sweet voice that says:
"I wish you wouldn't go."

I throw my arms around her,
And press her to my heart,
And after while when she gets time,
She says: "You think you're smart!"

Up-to-Date Business Methods

Will always win out in competition with antiquated methods. Up-to-date stock will always secure the biggest business when in competition with old-fashioned goods. Especially is this true of clothing and shoes. It sort of narrows down to the survival of the fittest.

TAILOR-MADE CLOTHING

(The only kind we handle) is rapidly taking the place of the ordinary sweat-stuff (the kind we don't handle). We are essentially up-to-date in our merchandise. Every article that leaves our house is sold with the object in view that the purchaser has value received—and that is the reason we do not today resort to the clap-net advertisements so many of the clothing people nowadays must avail themselves of to bring people to their stores. We claim you cannot go away from home and do as well as with us; our best witnesses are those who try it. Don't overlook our

MEN'S and BOYS' SHOES

Every pair warranted to give satisfaction. Our W. L. Douglas \$5 and \$8.50 Shoes are a revelation to our customers. We want you to see them.

Invited to Attend.

The Commercial Tribune very

perceptibly says that if anything were

done to convince the authorities of

Indiana and the disinterested public

in general that conditions are such

that ex-Governor TAYLOR has not the

smallest chance for a fair and impar-

tial trial in Kentucky, the manner in

which The Courier-Journal and other

Democratic organs throughout the

state are turning and twisting a piece

of inconsequential second hand evidence

as to some things Governor TAYLOR

said about the danger that menaced

Mr. GORREL abundantly supplies that

need.

The Supreme Court of Pennsylv-

ania has decided that a man who in-

vests his money in a manufacturing

enterprise has the right to manage his

business without interference from

Labor Unions.

The Court holds that members of

the American Federation of Labor have

no right to entice apprentices working

in a factory to become members of

the Glasworkers Union.

The case upon which the opinion is

based is an appeal of P. J. SKELLY

and others, members of the Glas-

sworkers Union, from the judgment of

the Allegheny County Court, restrain-

ing them from interfering with the

apprentices of CHARLES L. FLACORE,

a glass manufacturer of Tarentum,

Pa.

The Supreme Court dismisses the

appeal at the cost of the members of

the Union. The opinion says, among

other things, that the manufacturer

had the right to employ workmen who

were independent of any labor union

and he had the further right to adopt

a system of apprenticeship which

excluded his apprentices from mem-

bership in such Unions, and no one had

a right to interfere with it in its in-

jury.

The Court found that the interference

was injurious to him, and if

allowed to continue, would ruin his

business.

Circuit Court convenes next Tuesday

at Flemingsburg.

gers are in a series of meetings at Nor-
